Latest on Polio Plus

Hi My Fellow Rotarians

Brazil now joins Israel as having wild polio virus in its sewage although it is at an airport. However, they have failed to find any more wild polio virus in Israeli sewage. Afghanistan is looking more promising as the society there is experiencing massive changes. Now 50% of school students are girls!

Some courageous work is being done in Pakistan. I hope they keep it up and expand it.

I believe this is good news coming so soon after the Sydney convention.

Regards

Lindsay
